MEMORANDUM

TO: Eddie Koury,
County Manager

FROM: Chuck Williams,
Superintendent of Streets 

DATE: February 11, 1997

RE: Board of Directors Session; Resolution of the Board of Directors of the Mule Deer Way Improvement District Declaring Its Intention to Improve Streets Within the District; Determining that Improvement Bonds will be Issued and Declaring that the Costs of said Work will be Assessed Upon a Certain District

The Mule Deer Way Improvement District was formed in November of 1996 and since that time the Public Works Department has prepared the plans and specifications necessary for construction of the project. These plans and specifications along with an Engineer's Estimate of the construction costs will be filed with the Clerk of the Board by February 14, 1997.

We anticipate that if the "Resolution of Intent" is approved at the February 18, 1997 Board of Supervisors meeting this project will be included with the three other road districts in the same area for construction bidding in March. Hopefully, this will help to obtain a lower construction cost.

We would request and recommend that the Board of Supervisors, acting in their capacity as the Board of Directors of the Mule Deer Way Improvement District approve the Resolution of Intent to facilitate the timely completion of the improvements within this District. If you have any questions or need further information, please contact me.
